- Regularly review and update safety measures.

#### 10. **\*\*Sustainability:\*\***

- Implement eco-friendly practices to reduce the environmental impact.
- Encourage responsible resource management.
- Contribute to the overall well-being of the community.

When communicating these values on the hospital website, consider incorporating them into the mission statement, about us section, and any other relevant areas. Additionally, using patient testimonials, success stories, and staff profiles can help to humanize these values and showcase their real-world impact.
